

Denologix Named Among Top Analytics Companies

Denologix, a Toronto-based BI & Big Data consultancy, was awarded a spot as a Clutch Global Leader, a list of the 475+ most highly reviewed companies around the world.

We ranked [among to the top 10 Big Data Analytics Companies](#), globally, out of over 200 firms. The ranking was determined by our industry expertise as well as our verified, case study-like reviews conducted by Clutch analysts. We have been included in Clutch's research as a leading big data firm since 2013.

Our analytics consulting [services](#) include BI, Big Data, SAS software development and management, business Intelligence consulting, and healthcare informatics. Our clients have validated our expertise and commitment in our reviews. A Major Canadian Bank gave us a great feedback for meeting tight deadlines in a SAS data model implementation project:

“Their ability to understand customer needs is quite special...Denologix was very good at listening to us and coming up with solutions, which they were able to sell to our own internal clients easily.”
